

SMART BANK IMPORT

COMMENT CONNECTER MA BANQUE AVEC ENABLE BANKING

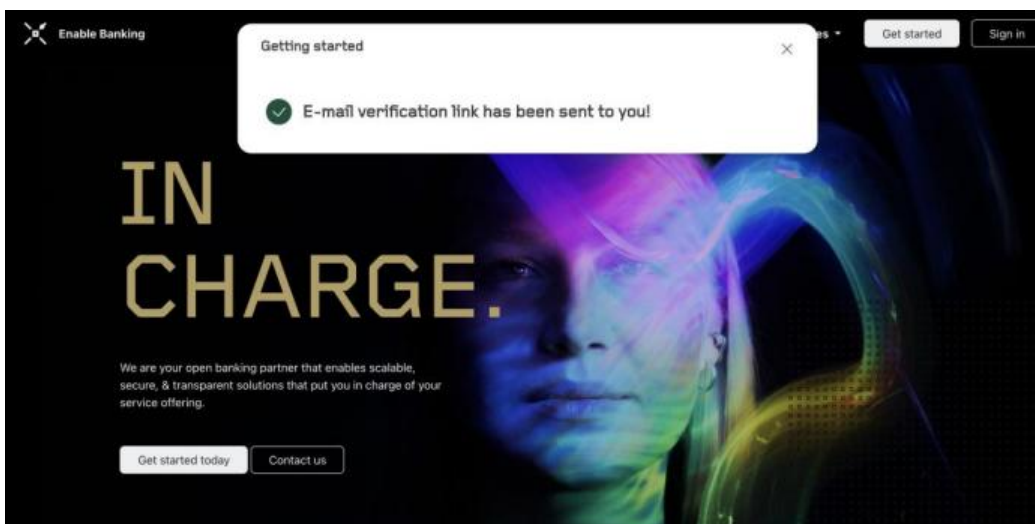

1. CRÉER UN COMPTE SUR ENABLE BANKING

1. Connectez-vous à <https://enablebanking.com> et cliquez sur « **Get Started today** ».

The screenshot shows the 'Getting started' form on the Enable Banking website. The form is titled 'Getting started' and has a close button (X) in the top right corner. It contains the following fields: a text input for 'Email' (with a redacted email address), a text input for 'First Name' (with a redacted name), a text input for 'Last Name' (with a redacted name), and a text input for 'Company (optional)'. Below these fields is a green 'Create account' button. To the right of the form, there is a paragraph of text: 'After account creation you'll be able to register your application and start using the API. By submitting the form, you accept the Privacy Notice of this website and the Terms of Service.' The background of the website shows a woman's face with colorful, abstract patterns.

2. Renseignez vos informations puis cliquez sur « **Create account** ».
3. Vérifiez votre boîte e-mail et validez votre compte.

The screenshot shows the 'Getting started' form on the Enable Banking website after the account creation process. The form is titled 'Getting started' and has a close button (X) in the top right corner. It displays a green checkmark icon and the message: 'E-mail verification link has been sent to you!'. The background of the website shows a woman's face with colorful, abstract patterns.

4. Connectez-vous à Enable Banking ; vous recevrez à nouveau un e-mail.

2. CRÉER UNE APPLICATION SUR ENABLE BANKING

1. Accédez à la section « **API applications** » et ajoutez une nouvelle application.
2. Choisissez l'option « **Production** ».
3. Sélectionnez « **Generate in the browser (using SubtleCrypto) and export private key** ».
4. Renseignez le nom de l'application : **SMART BANK IMPORT**.
5. Indiquez l'URL de redirection :
<https://app.smartbankimport.com>
6. Renseignez la description de l'application :
CONNECT SMART BANK IMPORT TO DOLIBARR

7. Indiquez l'adresse e-mail pour les questions liées à la protection des données : **[votre e-mail]**.
8. Indiquez l'URL de la politique de confidentialité de l'application :
<https://smartbankimport.com/en/privacypolicy>
9. Indiquez l'URL des Conditions Générales d'Utilisation :
<https://smartbankimport.com/en/termsconditions>

Cliquez ensuite sur le bouton « Register ».

The screenshot shows the 'API applications' section of the Smart Bank Import interface. A red arrow points to the 'API applications' menu item. Below the navigation bar, a message states: 'You don't have any applications. To register an application use the form below.' The form is titled 'Add a new application' and consists of three steps:

- 1. Choose your application's environment.** There are two buttons: 'Sandbox' and 'Production'. A note explains that sandbox applications are for development and testing only.
- 2. Choose how to generate a private RSA key and a certificate for your new application.** There are two radio button options: 'Generate in the browser (using SubtleCrypto) and export private key' (selected) and 'Generate outside the browser and import public certificate'. A note states that the private RSA key will be saved upon registration and should be kept secret.
- 3. Fill out information about your application.** This step includes several text input fields: 'SMART BANK IMPORT', 'https://app.smartbankimport.com', 'CONNECT SMART BANK IMPORT TO DOLIBARR', 'Email for data protection matters', 'https://smartbankimport.com/en/privacypolicy', and 'https://smartbankimport.com/fr/privacypolicy'. A green 'Register' button is at the bottom.

Important :

- Enregistrez le fichier contenant la clé privée **xxxxxxxxxxxxx.pem**, vous en aurez besoin ultérieurement.
- Cliquez sur le bouton « **Activate by linking accounts** » (renseignez le pays, votre banque et l'usage), puis vous serez redirigé vers votre banque afin d'autoriser la connexion.

* Cette étape permet uniquement de rendre la banque sélectionnable ultérieurement dans Smart Bank Import.

You have access to the following applications.
